SILVER OAK FINANCIAL BY TAZ

# Your walkthrough pack

Everything you need for Thursday, and to try it yourselves afterward.

**WHEN**
**Thu, Nov 5 · 9:00 to 9:30 AM ET**

**WHERE**
**meet.google.com/ohk-ibie-qjk**

## TRY IT YOURSELF IN THREE STEPS

**1**

### Open the portal

Save the folder to your computer and double-click **Start_Here.html**, then choose the portal. It opens in Chrome, Edge or Safari. No account, no install.

**2**

### Take the guided tour

Click **▶ Guided demo** at the bottom left. Use the arrow keys or the Next button to move through each screen. Press Esc to stop.

**3**

### Click anything

Add a lead to the pipeline, check a task off, open Ask TAZ in the bottom right. Everything is sample data and stays in your browser. Nothing is sent.

## THE IPHONE APP

### On your computer, today

Open **Silver_Oak_Autopilot_iPhone.html** to see it as a phone-sized window: hot leads, follow-ups to approve, tap-to-call, alerts and your wallet.

### On your iPhone

We will send you a link. Open it in Safari, tap Share, then Add to Home Screen, and it sits next to your other apps. The App Store version follows.

## WHAT WE WILL COVER ON THE CALL

| 0:00 | 0:10 | 0:17 | 0:22 | 0:26 |
|---|---|---|---|---|
| The portal built around your answers | Lead Radar and Prospect Finder | The iPhone app | Pilot dates: Nov 17 to Dec 1 | Your questions |

**Good to know.** The portal and app show made-up data so you can click freely. In the pilot (Nov 17 to Dec 1) they run on your real leads, and nothing goes out from your accounts until you approve it. Every message is wording-checked for promises and guarantees.
